ARC TIG 140A EZIARC140i

140A Inverter MMA / TIG Welder

The EziArc140i is a compact and powerful MMA/Stick and DC Lift-Arc TIG Welder. Weighing just 2.1kg and equipped with a 10A 230V plug, it offers incredible portability and versatility.

- 140A output @ 15% duty cycle
- Super lightweight and compact design
- Weld up to 3.2mm electrodes
- Lift TIG function for smooth and stable welding output
- VRD protection function (voltage reduction) for increased operator safety
- Temperature, voltage and current sensors for increased reliability and safety
- Generator friendly; Designed to work with generator power supply and protect from power surges
- Fitted with a 10A plug
- Includes 3m earth lead, 3m ARC lead set and carry strap
